---

## Experience

### **Technician Intern at Xanofi**

March 2012 - May 2012 (3 months)

Built several nano-fiber prototypes and application prototypes and assisted in industrial manufacturing concepts.

### **Floorman at Ensign United States Drilling Inc**

March 2008 - December 2008 (10 months)

- Daily routines included operating drill pipe joint equipment and hoists.
- Working on electric generators.
- Assistant on mud pumps, shaker, and fittings.
- Assistant on mudpit specific gravity control.
- Diesel engine maintenance.
- Assembled BOP (Blow out protection device).
- Forklift operator (expired license).

Non-technical:

- Painting
- Cleaning
- Pressure washing

### **Dealer at Cache Creek Casino Resort**

January 2007 - April 2007 (4 months)

I worked as a blackjack, pai-gow, 3-card poker, and table games dealer.

Casino dealers are tip paid employees, therefore customer service and people skills is important.

**Driver at Cary Limousines**

August 2006 - December 2006 (5 months)

- Performed daily, an itinerary of drop off/pickup's of the client(s) scheduled, at Airports and social events.
- Remained assessable for the office dispatcher's around the clock.
- Became familiar with the Sacramento greater area's geography (public/private airports, country clubs, museum's, and convention center's.)

**National Sales Manager/Marketing Manager at English Manufacturing**

January 2005 - March 2006 (1 year 3 months)

This company when I was hired had 5 employees (it was a start-up in the companies infancy.)

English Manufacturing operated primarily from telephone sales, and was expanding the company product line, "the matrix series", food shields.

-My position at English Manufacturing involved expanding and redesigning the media department creating a workable company catalog.

-As a team we began advertising campaigns (fax, meta-search, industry ads).

English Manufacturing participated in several industry shows I was involved with: the National Restaurant association, and NAFEM (North American Food Equipment Manufacturers).

-I maintained the customer database system network using the ACT! program.

-Created the company's point of sale system using a program called "auto-quotes".

-I conducted market research and hired about 30 sales representatives for the factory (not all were successful for English Manufacturing, for various reasons), I finally found a good group of about 8 salespeople who were established enough to represent our product line properly.

-Designed the derivative prototype for the "Viper" (it was un-named) food shield product line.

-Incorporated our products into KCL CAD development software for foodservice consultants.

**Dealer at Thunder Valley Casino**

January 2004 - December 2004 (1 year)

I learned how to deal blackjack from the Thunder Valley casino dealers school.

I was only trained how to deal and practiced at, blackjack and 3-card poker (this is one of the top 3 busiest casino's in America).

**Sales Associate (1st), Wardrobe Consultant (2nd), Tailor (3rd) at The Men's Wearhouse, Inc**  
September 1999 - December 2003 (4 years 4 months)

- Provided quality customer service using the experience I had developed to best suit the customer's needs.
- I brought new and old customers into the store through our telephone follow-up system.
- Assisted in my part of fulfilled the store volume goals through helping customers.

---

## Honors and Awards

**Top Sales Associate Team**

The Men's Wearhouse

May 2000

My store had two Sales Associates, myself and a co-worker Ryan Johnson; Who were selected as the top sales associates in the greater Los Angeles Area.

---

## Education

**Forsyth Technical Community College**

Associate of Science (A.S.), Nanotechnology, 2010 - 2012

Activities and Societies: Philosophical Society

**Sacramento City College**

General Education, 2003 - 2007

**West Coast Baptist College**

Missions, 1999 - 2001

Grade: Second Semester Sophomore.0

Activities and Societies: Inter-mural Volleyball
